## **Message from Council Leader Gordon Matheson**

Carers play an extraordinary role within our society, often making great personal sacrifices to support family members, friends and loved ones who find themselves in challenging circumstances. It goes without saying that the energy and love provided by carers is crucial to the lives of so many people in communities across our city. To put it simply, they make a very real difference to people's lives on a daily basis and we are grateful for that.

Many people who are carers do not see themselves as such because first and foremost they are husbands, wives, partners, parents, siblings or friends. Yet caring for someone is a very demanding role. Glasgow City Council recognises that carers themselves require support at different times.

We are committed to doing all we can do to assist carers in their day to day lives and are always looking for innovative ways to provide support. The introduction of the Carer's Privilege Card is the latest step we have taken in pursuit of this commitment.

As outlined in this booklet, the card entitles carers to a range of offers and discounts, and I am sure it will be widely used. Enjoy!

**Council Leader Gordon Matheson**
